

# KEEP YOUR WORKPLACE SAFE, BY KEEPING IT CLEAN.

## ISOPROPYL ALCOHOL 70%

### 4OZ SIZE FOR INDIVIDUALS

This portable bottle holds 4 ounces of 70% isopropanol solution which can be used to disinfect multi-purpose surface areas, such as writing tools, door handles, touch screens, phones and more. The 4oz. individual size comes with a convenient pump sprayer.

### 16OZ & 32OZ SIZES FOR OFFICE & LABORATORY

These larger sizes are ideal for the sanitizing needs within the office and laboratory space. The 16oz and 32oz bottle of 70% isopropanol solution is used to sanitize shared surfaces such as, time clocks, breakroom tables, exterior microwave, vending machines, door handles, phones, bathrooms and benchtops. This size is available as a refill only.

### GALLON SIZE FOR INDUSTRIAL

The 70% isopropanol solution is used to sanitize multi-surface areas. The gallon size can be used to refill spray bottles when needed. Ideal for use on surfaces such as stainless steel, fiberglass, glazed ceramic, synthetic marble, fabric and plastic.
